Focused and impactful workshops to engage with students.

## SCHOOLS

Schools, AP's and Learning Centres are the heart of what we do.

## TRAINING

We provide training to help staff create calm classrooms.

## DONE JUSTICE

Done™ Justice was an idea I created while working as an Inclusion Mentor at BBA school and students loved it!

A great school with some amazing students who fully embraced the workshop having experienced peer on peer conflict themselves.

Students of all year groups understood the importance of conflict resolution.
